

Outsourced CAD Services for the Audio-Visual Industry

Kirit Patel

www.analytixsolutions.com

Analytix Solutions

Boston based company with offshore operations in India

Provides Internet based outsourcing solutions targeted to specific industry segments

Utilizes hybrid offshore model for outsourcing

**Cost effective
back office
solutions**

Key Benefits of Outsourcing

Lower direct costs

Increased control

No recruitment and training costs

Timeliness

Higher productivity and profitability

The Analytix Advantage

	Offshore Only	Hybrid
Quality	Questionable	Great
Communication	Problematic	Great
Turnaround Time	Fast but requires multiple revisions	Fast
Local Support	Not available	Available
Cost	Low	Affordable

Audio Visual CAD Solutions

Effective alternative for system integrators and partners who specialize in the design and installation of complex audio-visual systems.

Comprehensive solution that converts napkin designs to detailed schematics and signal flows for use by an installation crew

Industry specific job management system to submit, monitor and track job progress, revisions and change orders

**One stop solution for
your CAD requirements**

CAD Services

Conceptual Design Drawings

Schematic Drawings

As-built documentation

Cable & Conduit Riser Diagrams

Construction Drawings

CAD Services

Floor and Reflected Ceiling Plans

Component detailed drawings

Detailed AV Control Flow Diagrams

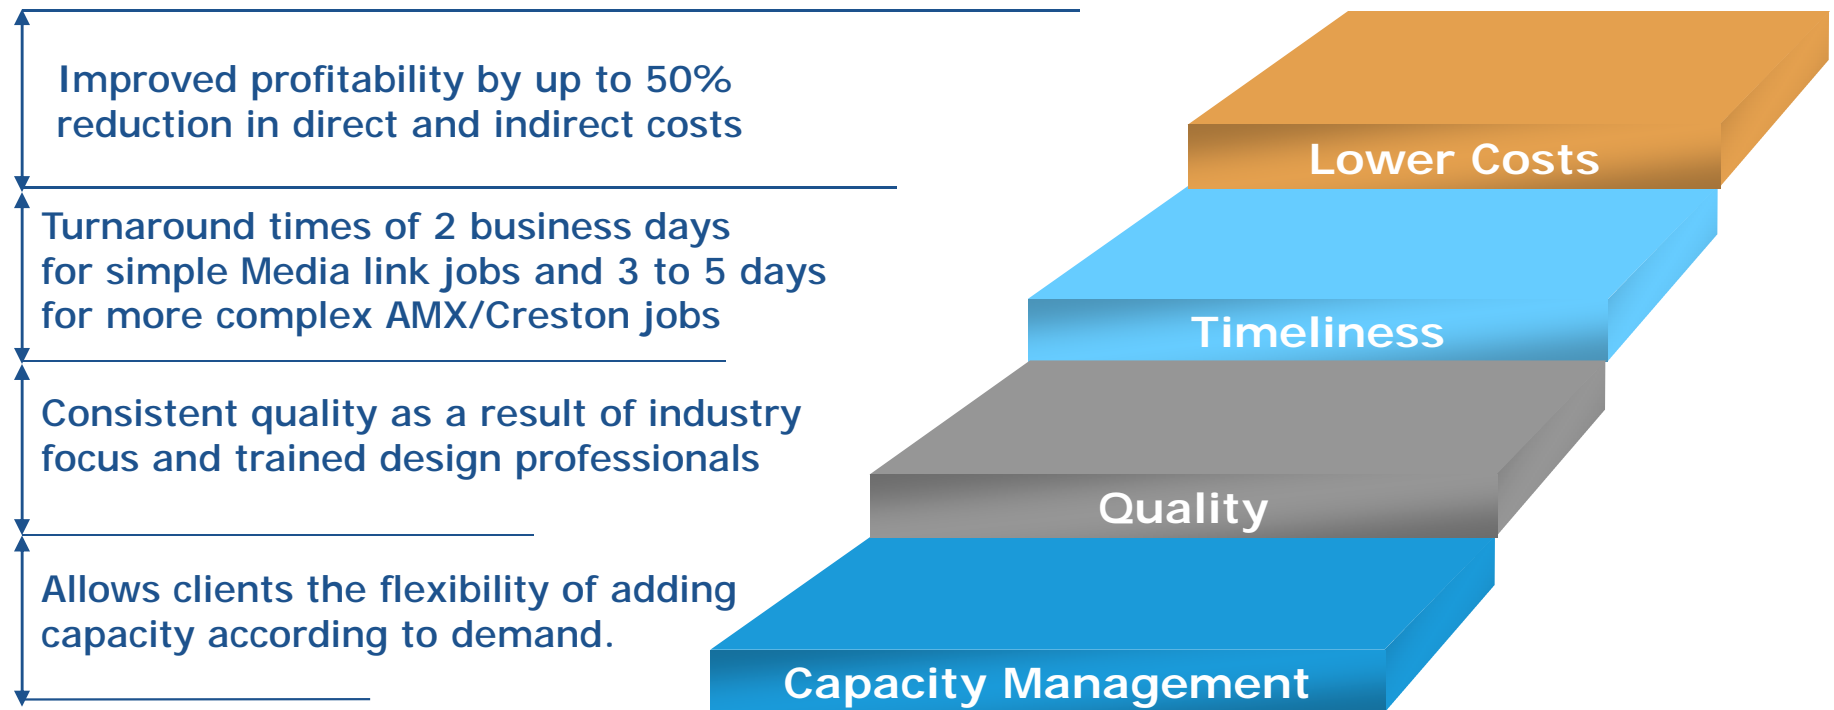

Rack Elevations

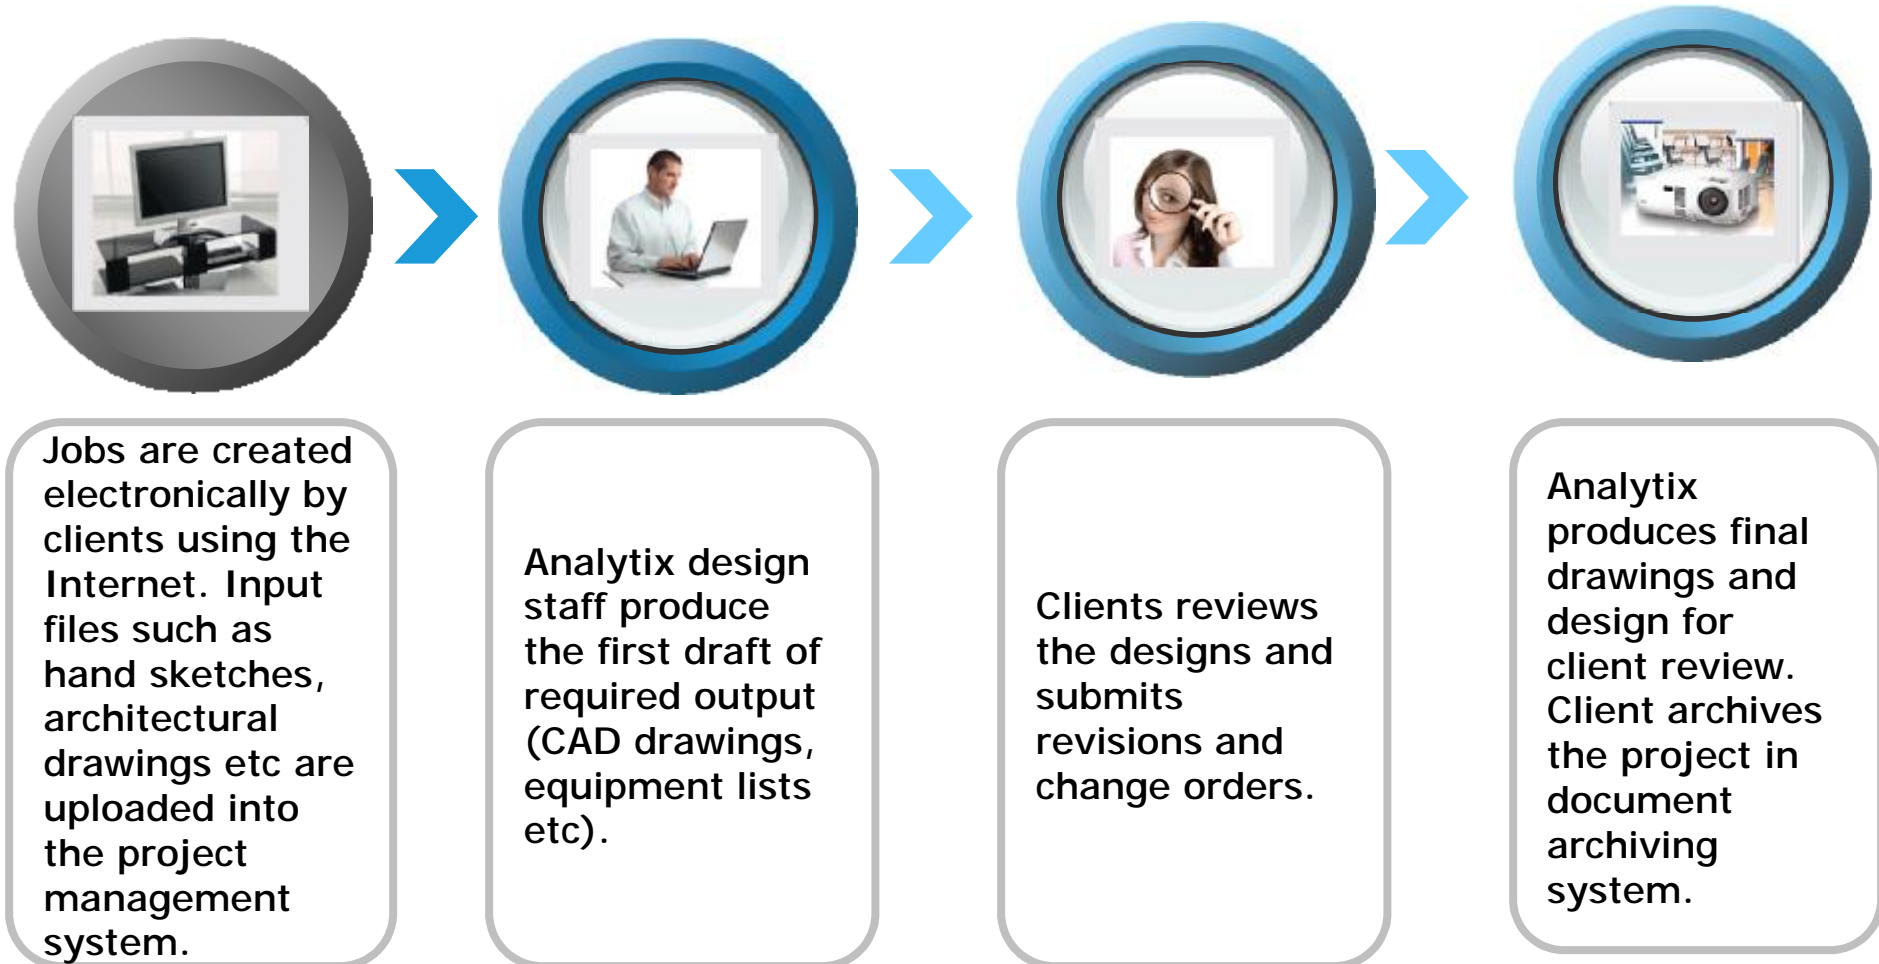

Equipment/Custom Plate Drawings

The Value Proposition

The Analytix Process
