

SPORTS IX APPLICATION

Maximize Your Sports IT Platform

The Sports IT management system has revolutionized the way indoor sporting facilities operate by automating various recurring functions to ensure smooth, everyday processes. Sports IT provides a complete range of functions, including league scheduling/management, customer management, online registration, and customer payments.

The team of technology and accounting professionals at Analytix Solutions developed the Sports IX application, a tool that works in conjunction with the Sports IT system. Sports IX generates critical reports from data accumulated by the Sports IT system, providing facility owners with the tools and business operations' intelligence required to run their business more effectively. Reports generated by Sports IX include:

- ▶ Deferred (unearned) revenue reports
- ▶ League sales reports
- ▶ Retention
- ▶ Cash vs. accrual
- ▶ Trend analysis

Sports IX also reports on deferred revenue calculation, accrual vs. cash basis revenue, and participant analysis, among other metrics.

The Analytix team has extensive experience working with indoor sporting facilities nationwide. We recognize that effective automation and timely access to accounting data is a critical factor in determining the success of any business. Our accounting systems and integration services also include QuickBooks integration with Sports IT. We offer customized business support solutions for facility operators, tailored to the unique needs of the indoor sporting facility industry.

Register today for a FREE 3-month subscription to Sports-IX.

Benefits

Seamless integration of data with Sports IT, eliminating redundancies in data entry

Single login for Sports IT and Sports IX, for streamlined access to reports

High level of data integrity resulting in accurate reporting due to automated Sports IT integration

Business Intelligence reports that provide critical operational data to sporting facility operators

Customized report generation, depending on facility's needs

“Hiring Analytix has been a phenomenal decision.... We have accurate accounting, meaningful financial reports and real-time analysis prepared by professionals. We can now spend our time analyzing the financial reports and implementing new strategies to grow our business.”

Don Crowe, CPA
ARENA SPORTS, INC.
