

Data Management Solutions by Analytix

Need more time to focus on your business? Too many businesses waste time and effort on non-core activities like data entry, which can divert attention from more important and profitable activities like sales, customer service, business expansion and development. But Analytix Solutions' data entry services can help.

We can quickly process your raw data into high value information for your business, with supplementary expertise in business intranet management for accurate web information maintenance at all times. Our strict three-tier quality control policy guarantees minimal errors.

Simplified Data Processing

- ▶ Data download from any source
- ▶ Internet data harvesting
- ▶ Data capture from Microsoft Word, Excel and other software applications
- ▶ Data entry into Microsoft Word, Excel and other software applications
- ▶ Large-volume data processing
- ▶ Data conversion: PDF or image to Word, Excel or other software application
- ▶ Paper and PDF forms processing
- ▶ Image resizing
