

MECHANICAL COMPUTER-AIDED DESIGNING AND DRAFTING

2D Drafting & 3D Modeling Solutions by Analytix

When outsourcing mechanical CADD projects to Analytix Solutions, clients enjoy a fast turnaround and a significant cost savings. Analytix is proud to be a trusted CADD provider for many of today's leading engineering and manufacturing firms, production and design engineers, mechanical engineers and fabricators.

We connect clients with our own experienced in-house CADD professionals who are exceptionally talented in 2D Drafting and 3D Modeling. Analytix can complete your projects in any standard format including PDF, TIFF, GIFF and JPEG as well as hand-drawn sketches, scanned images, pictures, prototypes or photos. Final output files are delivered in an editable multi-layer CADD format fully compliant with industry standards to include proper DWG and DXF layering.

2D Drafting Services

- ▶ Paper to CADD conversion
- ▶ Conceptual sketches to working drawings
- ▶ Assembly drawings
- ▶ BOM creation and drawing
- ▶ Fabrication drawings
- ▶ Piping and instrumentation diagrams (P & ID diagrams)

3D Modeling Services

- ▶ 3D Modeling from 2D CADD, scanned or hand drawings
- ▶ 3D sectional views
- ▶ 3D assembly modeling
