DASHBOARD

Key Benefits

- Maximize Your Effectiveness**

Spend more time driving your business

- Improve Your Bottom Line**

Avoid costly mistakes by identifying low performers

- Business Visibility**

Manage AP, AR and cash

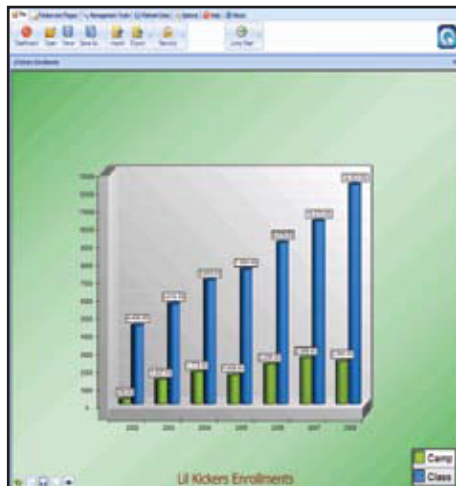

- Improve Communication**

Reduce the need for meetings with investors/board

Small business managers, owners and executives need access to key business metrics so they can quickly make informed decisions. With Qvinci® Dashboard by Business Infotech Solutions, companies can have instant access to critical business data in a format that is easy to understand and analyze. The Qvinci® Dashboard by Business Infotech Solutions converts all your financial data into easy-to-understand charts and graphs. You can review your company financials at a glance without pondering over statistical data and technical language. The Qvinci® Dashboard refreshes its financial data each time you login, leaving no question of out-of-date data. What's more, you can also monitor your revenue targets and expense thresholds at the click of a button.
